Gentlemen:

Subject: Air Carrier Consultation Meeting  
Proposed Passenger Facility Charge Application No. 3

The State of Hawaii (the State) has scheduled a Passenger Facility Charge (PFC) Air Carrier Consultation meeting for **Friday, February 1, 2008**. This letter provides the air carriers with a minimum of thirty (30) days notice as required by Section 158 of the Code of Federal Regulations (14 CFR Part 158), "Passenger Facility Charges" (effective June 28, 1991).

The State plans to submit to the Federal Aviation Administration (FAA) a new PFC application on March 17, 2008, that will increase the current PFC charge of \$3.00 to \$4.50. Effective new charge date is expected to begin on **September 1, 2008**, and the increase in PFC collections will continue to fund current application projects and will provide funding for the Terminal Modernization Program projects at Honolulu International Airport. In order to meet this schedule and to comply with the requirements of 14 CFR Part 158, the State has scheduled this Air Carrier Consultation Meeting. The State will accept comments on all proposed actions contained in this notice for a period of up to 30 days after the meeting.

As required by 14 CFR Section 158.23, this notice is being provided to all air carriers operating at Honolulu International Airport, Kahului Airport, Kona International Airport at Keahole, Lihue Airport and Hilo International Airport. The following paragraphs provide the information required under Section 158.23 for notice to the air carriers serving these airports.

**THE PFC LEVEL, EFFECTIVE DATE, AND TOTAL PROJECTED PFC REVENUE**

The State intends to file an application to impose a \$4.50 PFC at Honolulu International Airport, Kahului Airport, Kona International Airport at Keahole, Lihue Airport and Hilo International Airport; and use PFC revenue for projects at Honolulu International Airport.

The proposed charge effective date is estimated to be September 1, 2008. The total amount of PFC revenue estimated to be collected at \$4.50 under the proposed 2008 PFC Application No. 3 is \$651.7 million.

The estimated charge expiration date is June 30, 2023. The estimated PFC charge expiration date was estimated by taking the \$4.50 PFC imposed amount, subtracting 11 cents per-enplaned passenger, then multiplying by the projected PFC-eligible enplanement estimates. In Hawaii, approximately 83% of the total enplanements are estimated to be PFC-eligible.

### **Description of Projects**

The following projects are proposed to be funded by PFCs at Honolulu International Airport. Descriptions of the projects are provided in Attachment A:

#### **“Impose and Use” Projects:**

- Aircraft Rescue & Fire Fighting Facilities Improvements at Honolulu International Airport
- Escalator Improvements at Honolulu International Airport
- Loading Bridge Replacement at Honolulu International Airport
- Air Conditioning Improvements at Honolulu International Airport, Ph. II
- Stand-Alone PFC Administrative Costs

This proposed application incorporates previously approved projects from PFC Application No. 2 which will be re-applied for at the increased PFC charge rate of \$4.50.

#### **“Impose Only” Projects:**

- Taxiways G & L Widening
- New Diamond Head Concourse, Phase I

#### **Alternate “Impose Only” Projects:**

- New Ewa Concourse, Phase I
- New Connector Buildings and Automated People Mover (APM) Superstructure

A brief description of each project, its justification, start and completion dates, cost detail and its sources of funding is available in a PDF format on the State’s website at:

**[www.hawaii.gov/dot/airports/business/index.htm](http://www.hawaii.gov/dot/airports/business/index.htm)**

### **Request that a Class of Carriers not be required to collect PFCs**

No exclusion will be requested by the State of Hawaii. All Interisland flights are categorically excluded from collecting PFCs as part of AIR 21.

**Date and Location of Air Carrier Consultation Meeting [Section 158.23(a)(4)]**

Date: **Friday, February 1, 2008**  
Time: 10:00 a.m., Hawaii Standard Time (HST)  
Location: Honolulu International Airport  
Interisland Terminal – 7<sup>th</sup> Floor  
Conference Center – Room 1  
Honolulu, Hawaii

**Acknowledgment [Section 158.23(c)]**

Air carriers are **required** to provide the public agency with a written acknowledgement of receipt of this notice within 30 days.

**Certification of Agreement/Disagreement**

The State will accept comments on all proposed actions contained in this notice for a period of up to 30 days after the meeting, i.e., **March 3, 2008**.

Within 30 days following the meeting, each carrier **must** provide a written certification of its agreement or disagreement of a proposed project. The certification must include the reasons for disagreement, and absence of a reason shall void a certification of disagreement. If a carrier fails to provide a timely acknowledgement of notice or certification of agreement or disagreement with a proposed project, the carrier is considered to have certified its agreement.

To provide a written acknowledgement, request a copy of the project information, raise any questions or discuss any issues relating to the actions detailed in this letter prior to the consultation meeting on February 1, 2008, please contact:
